SECTION 1 Changes to Benefit and Cost for Next Year

Section 1.1 – Changes to the Monthly Premium

Cost	2022 (this year)	2023 (next year)
Monthly premium (You must also continue to pay your Medicare Part B premium.)	\$0	No Change

- Your monthly plan premium will be *more* if you are required to pay a lifetime Part D late enrollment penalty for going without other drug coverage that is at least as good as Medicare drug coverage (also referred to as “creditable coverage”) for 63 days or more.
- If you have a higher income, you may have to pay an additional amount each month directly to the government for your Medicare prescription drug coverage.

Section 1.2 – Changes to Your Maximum Out-of-Pocket Amount

Medicare requires all health plans to limit how much you pay “out-of-pocket” for the year. This limit is called the “maximum out-of-pocket.” Once you reach this amount, you generally pay nothing for covered Part A and Part B services for the rest of the year.

Cost	2022 (this year)	2023 (next year)
Maximum out-of-pocket amount Your costs for covered medical services (such as copays) count toward your maximum out-of-pocket amount. Your costs for prescription drugs do not count toward your maximum out-of-pocket amount.	\$899	No Change Once you have paid \$899 out-of-pocket for covered Part A and Part B services, you will pay nothing for your covered Part A and Part B services for the rest of the calendar year.

Section 1.3 – Changes to the Provider and Pharmacy Networks

Updated directories are also located on our website at www.imperialhealthplan.com. You may also call Member Services for updated provider and/or pharmacy information or to ask us to mail you a *directory*.

There are changes to our network of providers for next year. **Please review the 2023 Provider Directory to see if your providers (primary care provider, specialists, hospitals, etc.) are in our network.**

There are changes to our network of pharmacies for next year. **Please review the 2023 Pharmacy Directory to see which pharmacies are in our network.**

It is important that you know that we may make changes to the hospitals, doctors and specialists (providers) and pharmacies that are part of your plan during the year. If a mid-year change in our providers affects you, please contact Member Services so we may assist.

Section 1.4 – Changes to Benefits and Costs for Medical Services

We are making changes to costs and benefits for certain medical services next year. The information below describes these changes.

Cost	2022 (this year)	2023 (next year)
<i>In-home Support Services</i>	In-home Support Services are <u>not</u> covered.	You pay a \$0 copay for up to 48 hours per year of in-home support services. Available services include assistance with transportation, grocery shopping, medication pickup, transportation to doctor's appointments, care reminders, light house help, light exercise, and activity.

Section 1.5 – Changes to Part D Prescription Drug Coverage

Changes to Our Drug List

Our list of covered drugs is called a Formulary or “Drug List.” A copy of our Drug List is provided electronically.

We made changes to our Drug List, including changes to the drugs we cover and changes to the restrictions that apply to our coverage for certain drugs. **Review the Drug List to make sure your drugs will be covered next year and to see if there will be any restrictions.**

We have made changes to the list of insulin drugs that will be covered as Select Insulins at a lower cost-sharing. To find out which drugs are Select Insulins, review the most recent Drug List we sent you in the mail. You can identify Select Insulins by the letters “SSM” in the Drug List. If you have questions about the Drug List, you can also call Member Services (Phone numbers for Member Services are printed on the back cover of this booklet).

Most of the changes in the Drug List are new for the beginning of each year. However, during the year, we might make other changes that are allowed by Medicare rules. For instance, we can immediately remove drugs considered unsafe by the FDA or withdrawn from the market by a product manufacturer. We update our online Drug List to provide the most up to date list of drugs.

If you are affected by a change in drug coverage at the beginning of the year or during the year, please review Chapter 9 of your Evidence of Coverage and talk to your doctor to find out your options, such as asking for a temporary supply, applying for an exception and/or working to find a new drug. You can also contact Member Services for more information.

Changes to Prescription Drug Costs

Note: If you are in a program that helps pay for your drugs (“Extra Help”), **the information about costs for Part D prescription drugs does not apply to you.** We sent you a separate insert, called the “Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs” (also called the “Low Income Subsidy Rider” or the “LIS Rider”), which tells you about your drug costs. If you receive “Extra Help” and you haven’t received this insert by *September 30*, please call Member Services and ask for the “LIS Rider.”

There are four “drug payment stages.”

The information below shows the changes to the first two stages – the Yearly Deductible Stage and the Initial Coverage Stage. (Most members do not reach the other two stages – the Coverage Gap Stage or the Catastrophic Coverage Stage.)

In certain situations, changes are also allowed at other times of the year. Examples include people with Medicaid, those who get “Extra Help” paying for their drugs, those who have or are leaving employer coverage, and those who move out of the service area.

If you enrolled in a Medicare Advantage plan for January 1, 2023, and don’t like your plan choice, you can switch to another Medicare health plan (either with or without Medicare

prescription drug coverage) or switch to Original Medicare (either with or without Medicare prescription drug coverage) between January 1 and March 31, 2023.
